"I Am The Future."

FEBRUARY AT ELHAAM ACADEMY: A MONTH OF DISCOVERY, GROWTH, AND COMMUNITY

February was a month of exploration, learning, and community spirit at Elhaam Academy! Students engaged in exciting STEAM projects, interactive lessons, and hands-on activities that sparked creativity and curiosity. From scientific experiments to collaborative problem-solving, they deepened their understanding while honing essential skills.

This month also brought moments of spiritual enrichment and togetherness, as students participated in Jumma prayers, Quran studies, and thoughtful discussions that strengthened their faith and values. As we move forward, we remain dedicated to empowering young minds and fostering a love for learning.

WELCOMING RAMADAN CELEBRATIONS AT ELHAAM ACADEMY!

BOOK LAUNCH “I AM THE FUTURE”

The dreams of a child begin to take shape early in life, and nurturing those aspirations is key to their future success. In celebration of young voices and boundless imagination, Elhaam Academy proudly launched a student-written book, [I Am The Future](#).

This special publication features children expressing their dreams through both illustrations and their own words, offering a heartfelt glimpse into their visions for the future.

New York State Senator John Liu praised the initiative, emphasizing that *I Am The Future* will not only uplift one community but also serve as an inspiration for children worldwide, paving the way for a brighter tomorrow.

The event was honored by the presence of distinguished guests, including NYC Perth Crime Prevention Unit Head Cristin Noel, NYC Commission on Racial Equity Commissioner Imam Ahmed Ali, and NYC Mayor's Office Muslim Liaison Mehedi Hassan. Their support highlighted the power of creativity and education in empowering young minds.

VISIT TO THE METROPOLITAN MUSEUM

As part of our interfaith program, our grades 4-6 students had the opportunity to visit the Islamic section of the Metropolitan Museum. During this enriching experience, they shared insights about the Islamic faith with their peers, fostering meaningful discussions and deeper understanding. It was a day filled with respect, learning, and cultural exchange, highlighting the beauty of knowledge and unity across diverse traditions.

TWIN DAY AT ELHAAM ACADEMY

Double the fun, double the spirit! Our students had a blast celebrating Twin Day, rocking matching outfits and sharing laughs with their 'twins'!

EXPLORING THE POWER OF NATURE!

Our 5th and 6th graders embarked on an exciting journey into the world of natural disasters by crafting and erupting their own volcanoes!

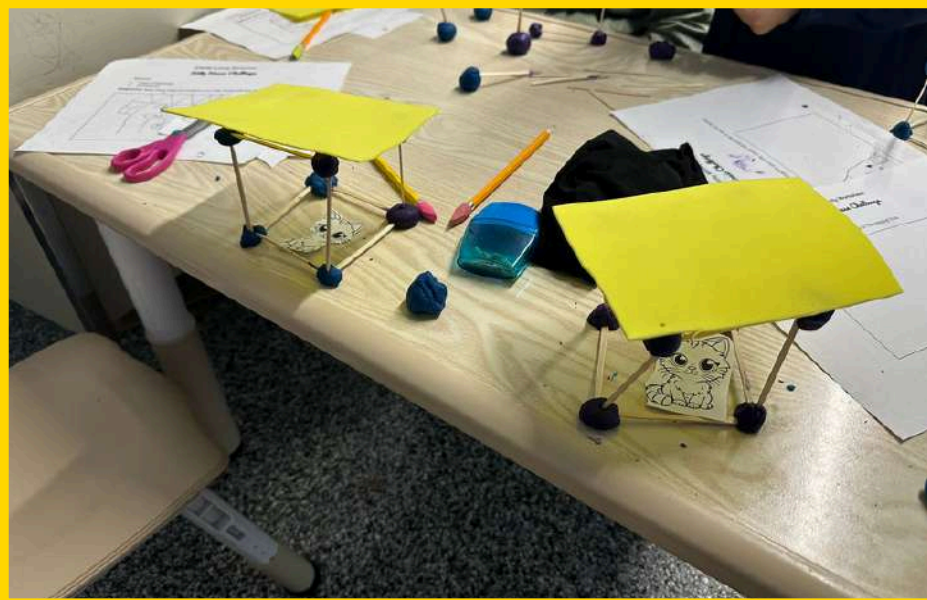

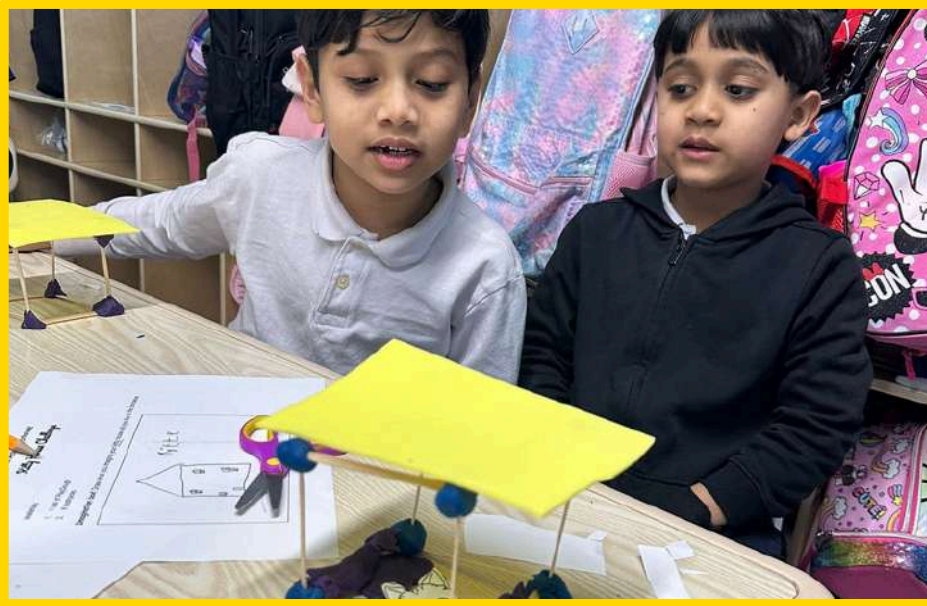

Through this interactive experiment, they discovered the science behind volcanic eruptions, from magma buildup to the powerful forces that shape our planet.

Watching their volcanoes come to life with colorful eruptions made learning both exciting and unforgettable—science truly came alive today!

CREATIVITY WITH SNOW FLAKES!

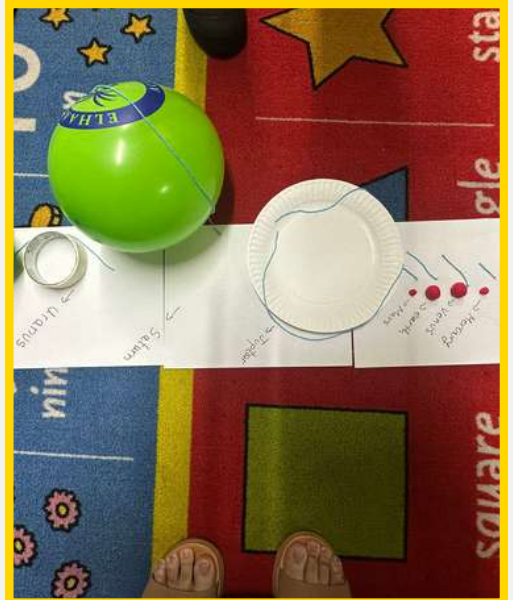

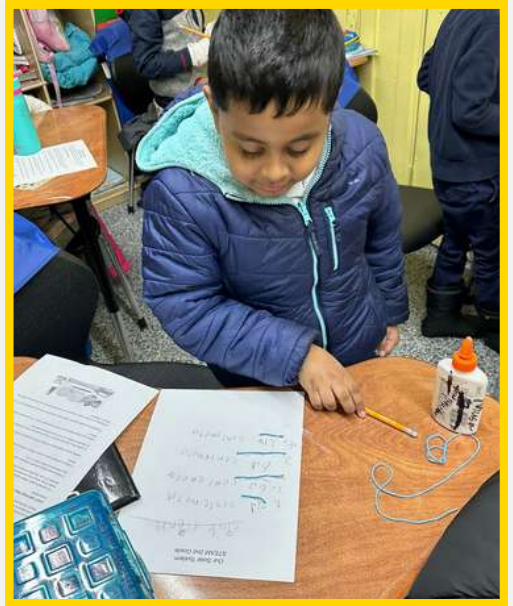

Snowy day calls for a snow craft, our little artists got creative with snow flakes! They made and decorated beautiful snowflakes, bringing a touch of magic to a cold and cozy day.

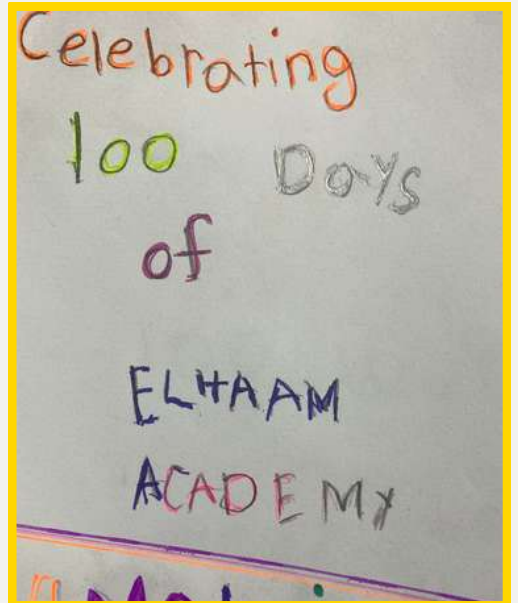

STEAM CHALLENGE: DESIGNING SHELTERS FOR OUR FURRY FRIENDS!

In STEAM class, our KG students became little engineers as they took on the challenge of building a shelter for a kitty using limited materials. This hands-on activity encouraged creativity, critical thinking, and problem-solving skills—learning through play at its best!

LEARNING ABOUT THE SOLAR SYSTEM

In STEAM class, our 2nd graders explored the wonders of the solar system, learning about planets and stars. To grasp the differences in size, they created scaled-down models of each planet—and were amazed by the results!

100 DAYS OF SCHOOL CELEBRATION

Elhaam Academy celebrated 100 days of growth, learning, and unforgettable moments! Here's to many more days of success and discovery ahead!

MCC QUEEN'S FAMILY NIGHT

A Night to Remember!
The MCC Kids Family Night at Elhaam Academy was a huge success! The community came together for an evening filled with joy, laughter, and unforgettable moments. Thank you to everyone who joined and made it so special!
Stay tuned—we have BIG news coming soon!

DR. AYMAN NASSAR

(Founder & Board Trustee Member, and Chief of Academics & Digital Transformation at Islamic Leadership Institute of America)

VISITS ELHAAM ACADEMY

We were honored to welcome Ayman Nassar to Elhaam Academy! His visit was an inspiring opportunity to exchange ideas on education, leadership, and digital transformation in Islamic learning.
