## **THIS BOOK IS DEDICATED TO:**

*Current and future Elhaam Academy students and parents;  
Elhaam Academy teachers, administration, faculty, and  
staff. Thank you for your support at Elhaam Academy. This is the  
beginning of our journey and we are thrilled to have you all with  
us!*

*Special thanks to Imam Muhammad Shahidullah.*

# NOTE TO READERS

**Who will we become in the future? What impact will we have on the world around us?**

These questions lie at the heart of our journey through this milestone project at **Elhaam Academy**. This book, ***I Am the Future***, is a testament to the dreams, aspirations, and creativity of our students. Through storytelling, artwork, and reflections, they've explored what it means to shape their future careers, build stronger communities, and embrace the possibilities ahead.

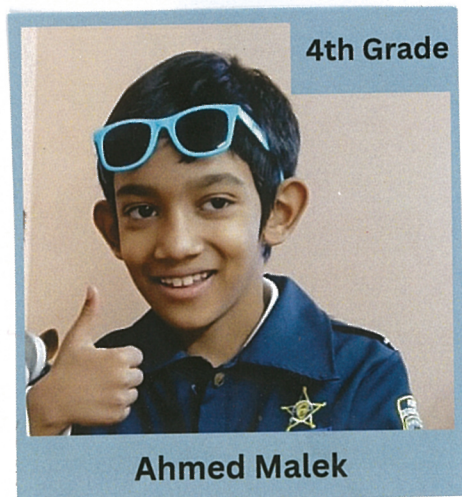

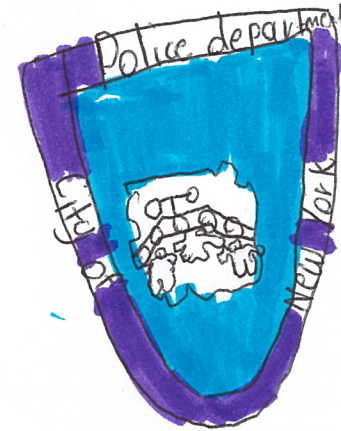

We chose the theme ***"You Are the Future"*** because it is a **powerful statement** that instills a sense of purpose in children and individuals, especially in a world that is rapidly evolving. It reminds them of their unique role in shaping what lies ahead and inspires them to **dream boldly** and **act meaningfully**.

At **Elhaam Academy**, whose name means **"inspiration"** in Arabic, the theme also reflects our core purpose: to nurture wisdom, inspiration, creativity, and ambition in the minds of young learners.

To retain the authenticity of each student's vision, we have preserved their original illustrations and handwriting. This choice not only captures the beauty of their individual expressions but also serves as a cherished memory for years to come—a window into their thoughts and dreams at this moment in time.

**These pages represent not only the creativity and potential of our students but also a promise: the future is bright, and it starts with them!**

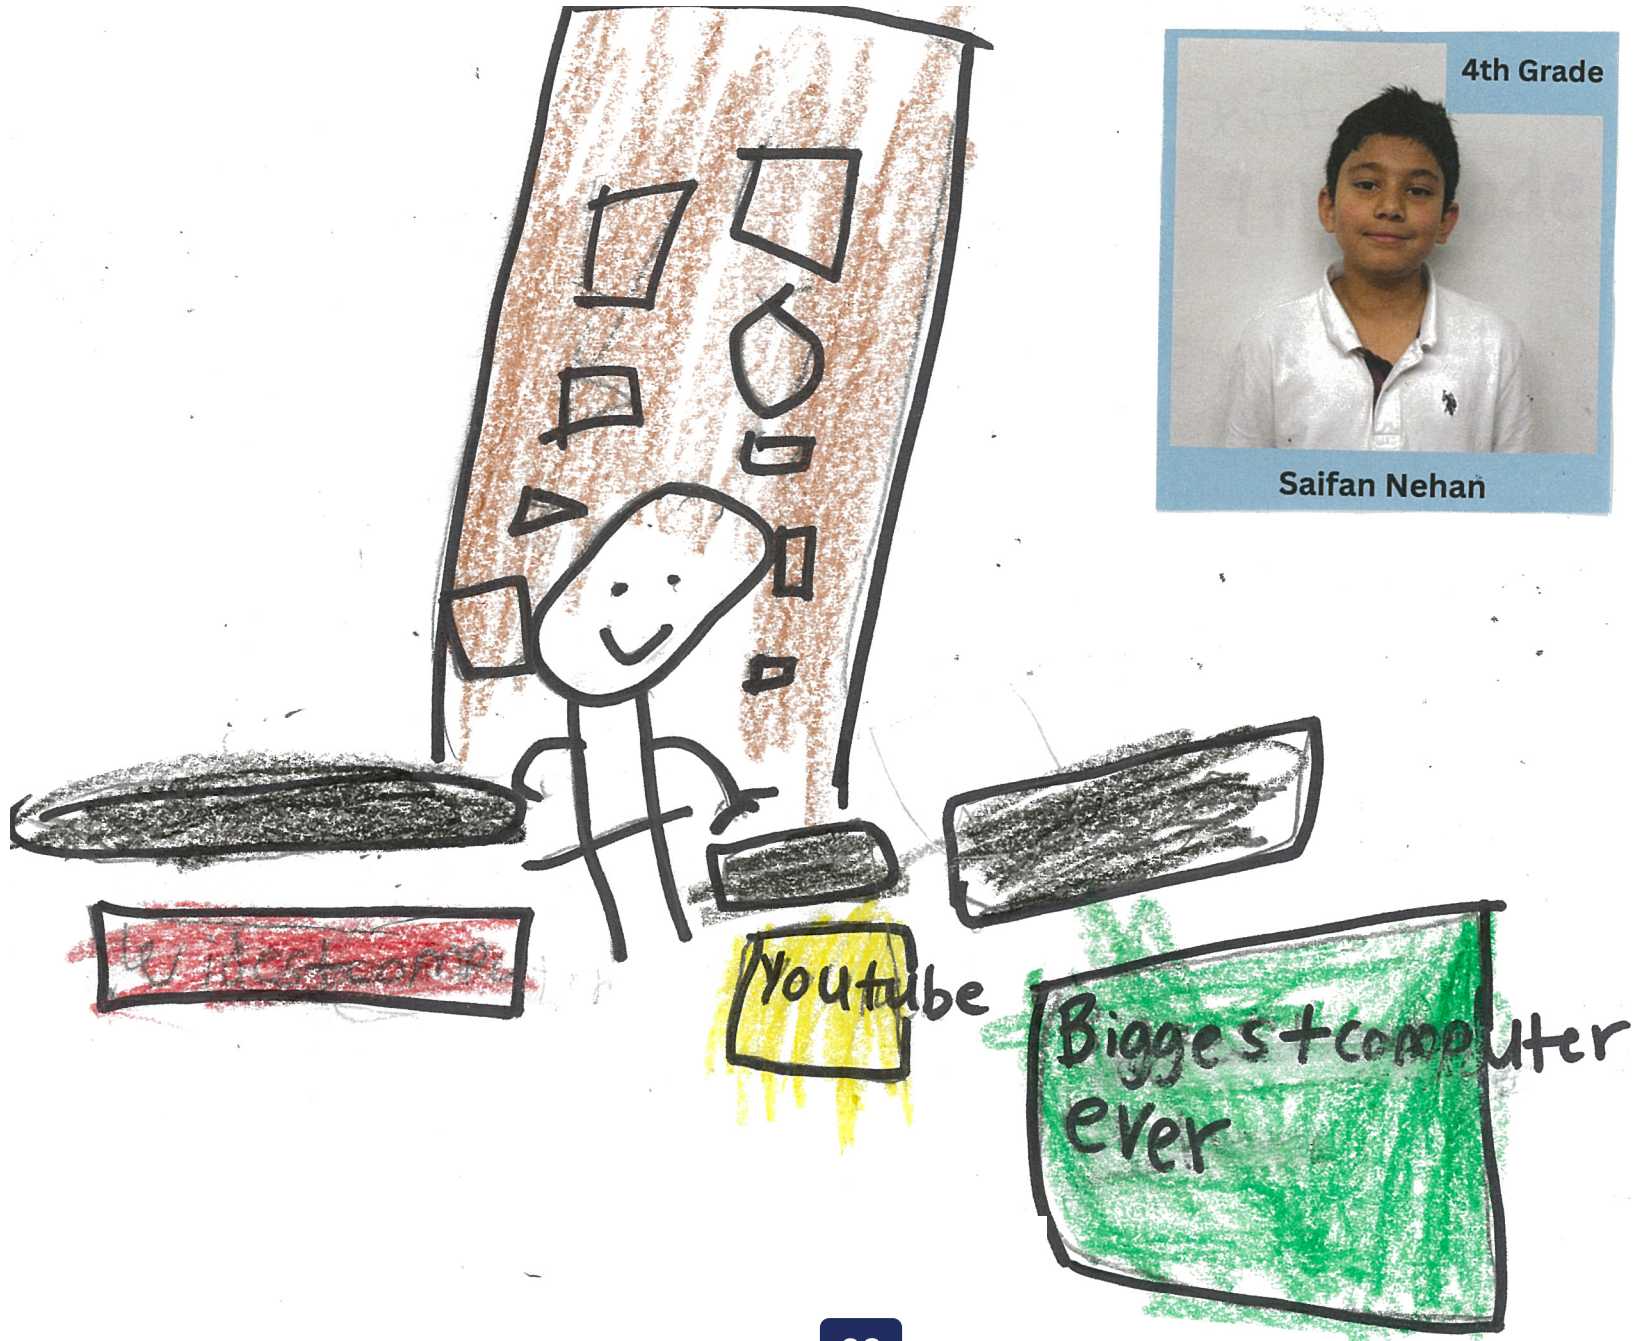

4th Grade

Ahmed Malek

I want to be a police officer Because it is a respectfull Job and it takes responsibility of the communitys safety. The nypd is hard working, they take rapid action for the protection of the people. These are the main reasons why I want to become a police officer in the Future.

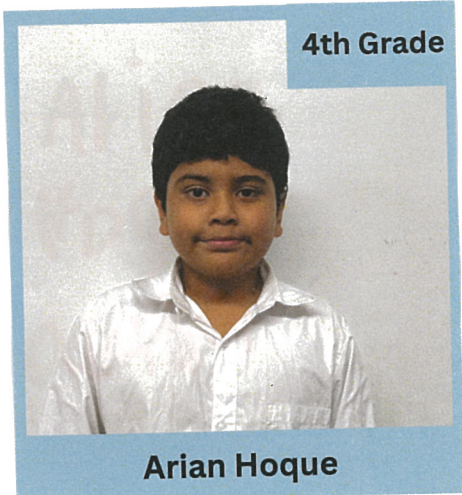

By: Ahmed Malik

Hi my name is Saifan Nehan. I am in 4th grade. I want to be a Computer Science Engineer, that is my dream job. I want to be a Computer Science Engineer because I know a lot about Computers. I want to know more about Computers. I will get a lot of money.

Sarah Hoque

When I grow up I to be a poet that  
writes about palestine because they are very  
Smart. Also I already wrote a poem about  
palestine, so I hope one day I can publish it  
to the world so people can read it. Also they  
can know what is happening right now in Gaza.  
I had many people support me to write  
My poem and I hope other people will support me.

## Behind the Scenes...

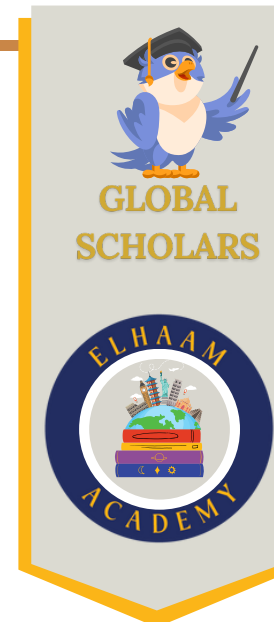

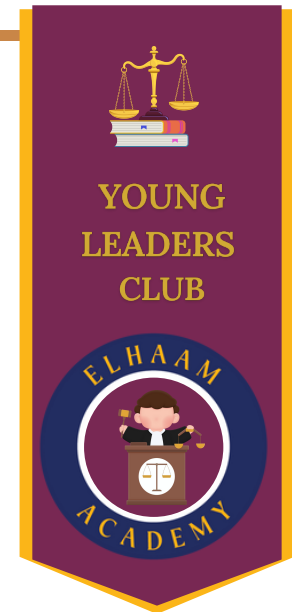

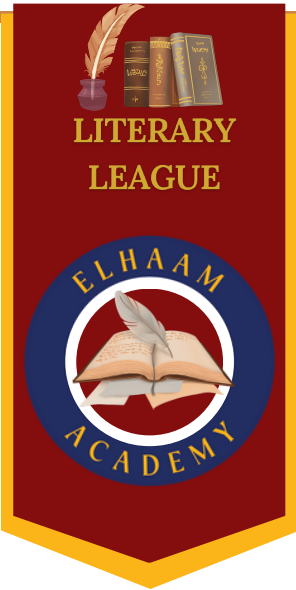

STEAM QUEST CLUB FALL/WINTER 2024

Theme: "You are The Future"

Inaugural Projects: Community Building Project & Published Book

Each club session focused on unique STEAM activities that provided students insights on how a community runs and what roles they can play in their communities in the future.

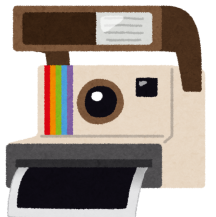

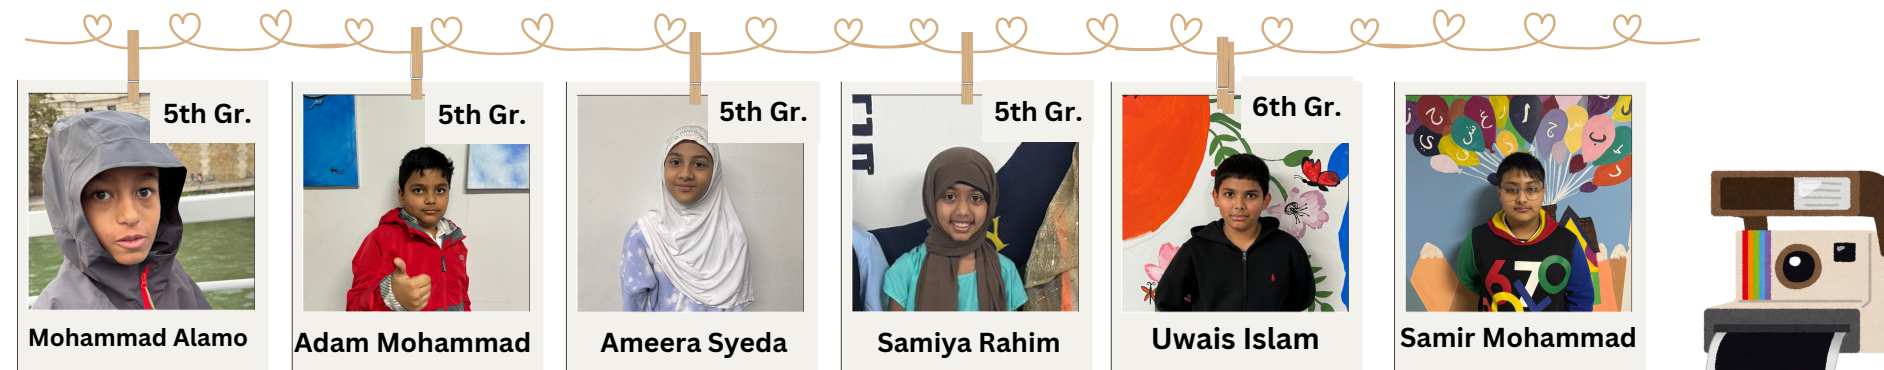

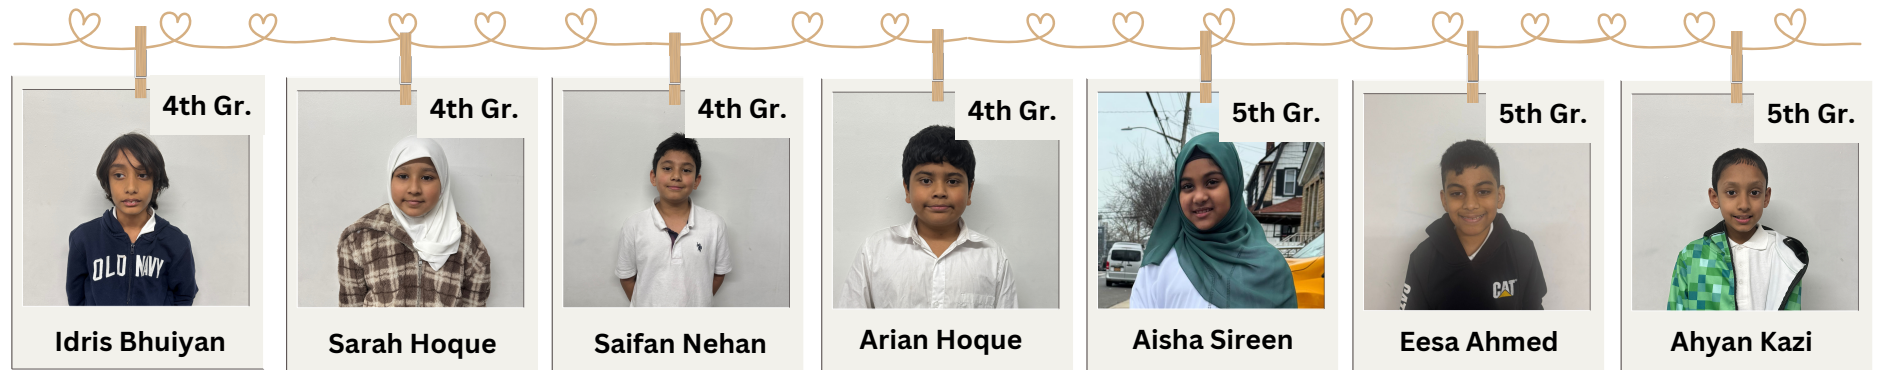

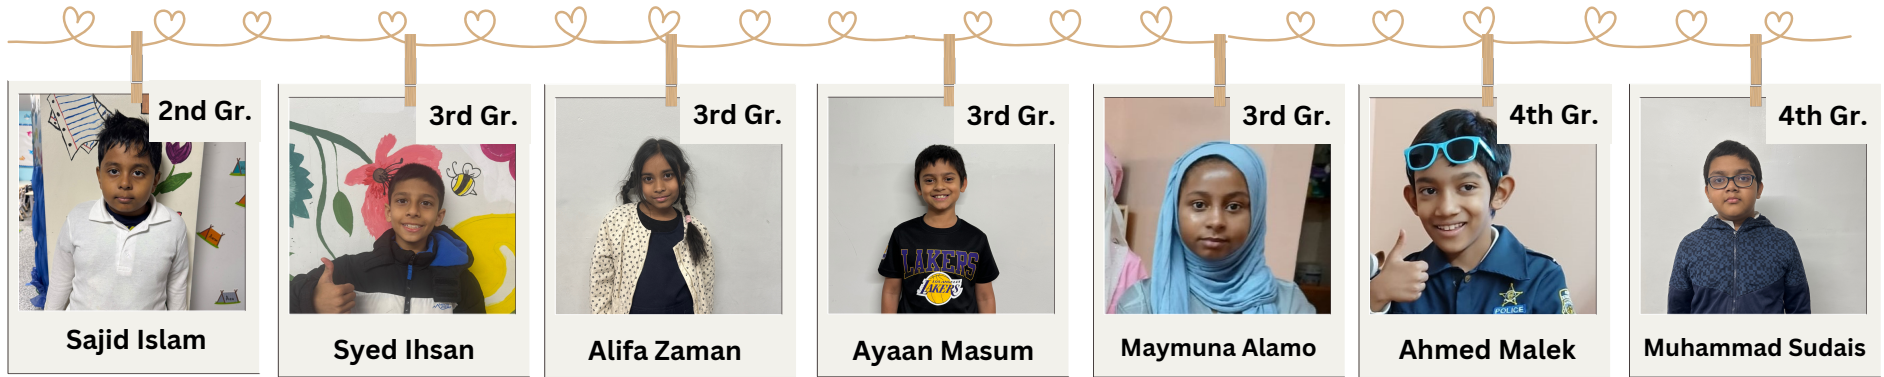

*Elhaam Academy Cubs  
Facilitated under the  
STEAM Quest Program.*

*The activities from each  
club played a fundamental  
role in helping students  
learn more about the topic  
this book focused on.*
