Junior Ambassador Program 2026

As part of the Junior Ambassador Program, our students stepped into spaces that represent unity, leadership, and global impact. From stepping into rooms at the United Nations, to visiting a bookstore SDG corner, they had the opportunity to learn, engage, and experience something bigger than themselves. It was powerful to see them in those environments.

United Nations

HANDS OF HOPE AT ELHAAM ACADEMY

Our K-2 students took part in a meaningful Hands of Hope session, where they traced their hands and shared what it means to stand against bullying. Through simple yet powerful conversations, they spoke about kindness, respect, and using their voices to uplift others—reminding us that even small actions can make a big difference. A heartfelt thank you to Save The People for supporting this impactful initiative and helping our students grow in compassion and character.

HELPING HEARTS AT ELHAAM ACADEMY

Our K-2 students participated in a meaningful Helping Hearts activity focused on kindness, empathy, and supporting others, in partnership with Save The People. By introducing these values early, we help shape thoughtful, compassionate, and engaged members of our community. We look forward to continuing this important work and expanding opportunities for our students together.

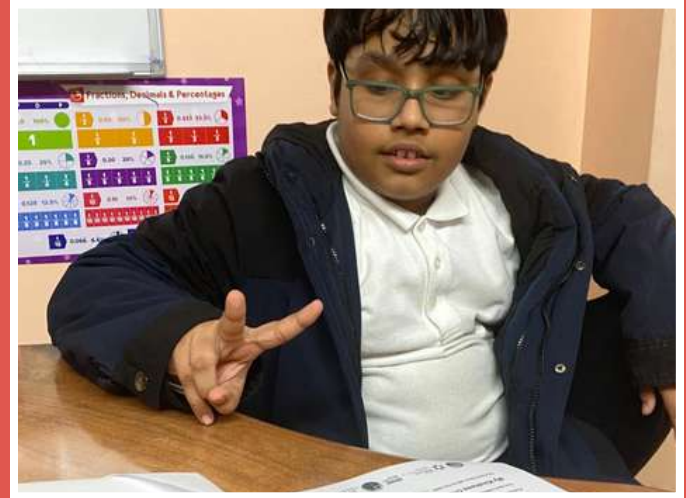

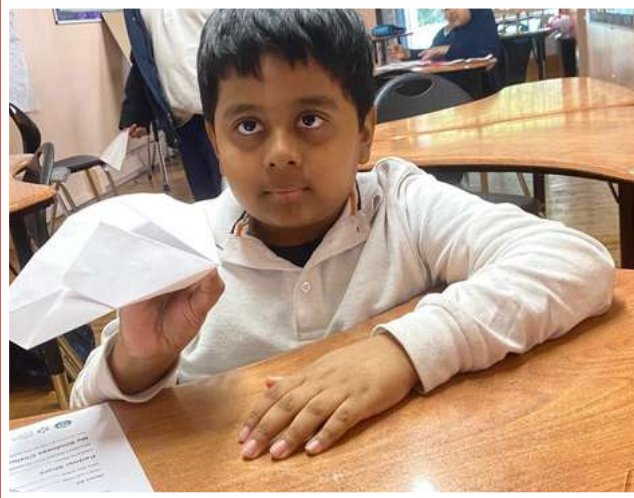

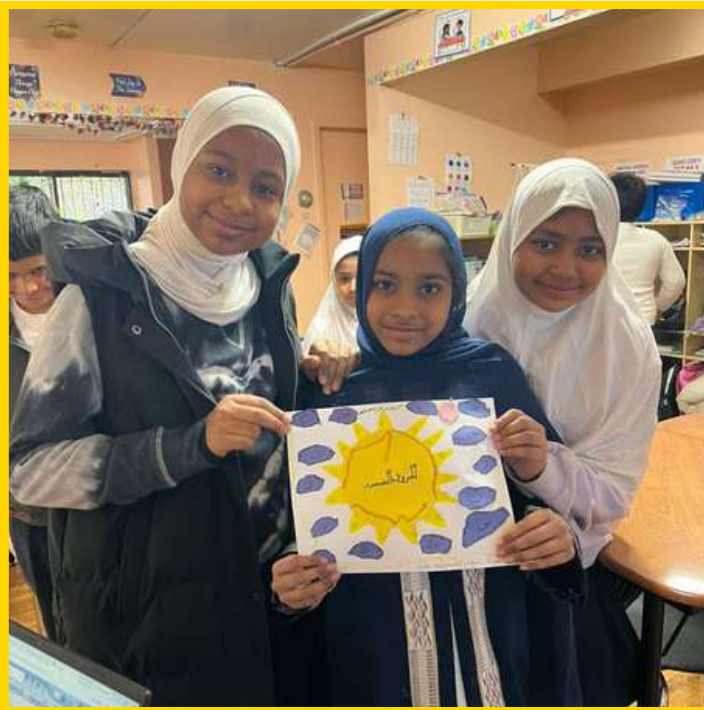

Our last Open House was a success!

Students in grades 3–4 participated in a volunteering session focused on teamwork, leadership, and service, in partnership with Save The People.

Through guided discussion and reflection, they explored how they can support their families and contribute to their communities beyond the classroom. We look forward to continuing this meaningful collaboration and expanding these opportunities for our students.

Sun & Moon Letters fun at Elhaam Academy

Our students had a wonderful time completing their Sun and Moon letters activity today. Through drawing, cutting, and sticking, they explored and practiced the letters in a fun, hands-on way. We're so proud of their hard work, creativity, and excitement for learning
